CATHOLIC VOICES COUNT

MINNESOTA CATHOLIC CONFERENCE

Join the Catholic Advocacy Network
(Sign up at www.mncatholic.org)

Your voice matters in the conversations that shape our life together. Faithful citizenship means more than voting every few years. It means staying informed, engaging thoughtfully, and making our voices heard on the issues that affect our neighbors and the common good. The **Catholic Advocacy Network,** created by the bishops of Minnesota, makes it easy to participate in the political process by keeping you informed on the bills in play, helping you get to know your legislators, and encouraging you to take action during crucial decision-making moments. This is especially pertinent as the 2027 legislative session nears, when lawmakers will debate how to to spend a $70 billion budget, address fraud, and protect religious liberty and family economic security.

*The **DIOCESE OF NEW ULM** continues its partnership with the Minnesota Catholic Conference in support of the **CATHOLIC ADVOCACY NETWORK** by providing **educational resources** and **opportunities** to help keep you informed on political issues that matter!*

"Together, let us continue to put our faith into action and be faithful witnesses to Christ - in our parishes, our communitees, and throughout Minnesota."

- Bishop Chad W. Zielinski
